Year 10 Tutoring

Congratulations to the Year 10 students who completed their tutoring programme this term in English and Science. We have had such positive feedback from the tutors who have been in supporting the students who have commented on their positive attitude, commitment and improvements made. It was also great to receive feedback from our students too, below are a few examples. Well done to everyone who participated.

'In my English Intervention lessons, I have learned many things in a short period of time, Miss Dines taught me how to use structure, which helped write up my descriptive writing, before I was describing a picture without a structured plan. Not only that but Miss Dines has taught me to be confident in myself and how to analyse poems which will help me in my exam. I feel English Intervention has helped me thoroughly.'

'English Intervention has been very helpful to me because I was struggling with using techniques within my descriptive writing and planning my piece of writing. After being in English Intervention I am feeling a lot more comfortable with this.'

'I feel English Intervention has helped me a lot with descriptive writing, I know how to set out my structure... I have enjoyed coming to English Intervention.'
