Thornhill Parent Update 27th September 2024

Message from Headteacher

On Monday evening, we welcomed year 5 and 6 children from local primary schools to our Open Evening. It is always lovely to show new parents and children around our school. It was wonderful to be able to talk to them about the Ofsted inspection of May 2024 when we received our 'Good' grading and the school's best ever GCSE results of the summer. Our own students were fabulous ambassadors for the school in a variety of roles, both in subject departments and as tour guides. The feedback from the evening was really positive about all aspects of the event, and particularly our wonderful students.

For parents and carers of children in year 5 or 6 who would like to visit the school during the day, we invite them to sign up for this via the home page on our school website, or follow this [link](#). Please share this with anyone you know would like to take advantage of this offer.

Our school values of excellence, partnership and opportunity are central to everything we do at Thornhill. We pride ourselves in a rich offer of co-curricular and extra-curricular activities, which occur throughout the year and across the school day. Please can you encourage your children to take up these opportunities. There is such a range of extracurricular activities on offer, these can be found on our website by following this link: <https://shorturl.at/Wo0x1>

Today is National Teaching Assistants Day (27th September). I want to publicly say a massive thank you to all of our school teaching assistants from the rest of our school team. They are the most amazing group of staff, who work so hard to ensure our students get the very best. Our school couldn't function without them and for so many of our students, they are central to their well-being and success.

Mrs S Hamilton
Headteacher

Our Student Council

This week we have been nominating and voting for our form group representatives. These students will support their school community, by sharing the voice of their tutor group within our school council, as we seek to continually improve our school and its community. Student councils are a great way for students to take on leadership roles, promote the voice of the student body, problem-solve and impact their community. Our student council serves as the voice for the entire student body, and actively works with teachers and advisors, to promote a better learning environment through a democratic process reflecting our British Values.

Last year we appointed our Head Students and a senior team, who look forward to welcoming our new council representatives to our first termly meeting in October
