

Thornhill Academy

Enriching Lives, Inspiring Ambitions

Dear parents/carers

15th February 2022

We are writing to inform you that, at February half term, our Design Technology groups rotate between Design technology and Food Technology. Due to constraints in our timetable this will create some movement in other subjects in this block (music, ICT and Guidance). For some students their teacher may change but student groups and curriculum time will not. We would like to assure you that these changes will not affect students in any other way.

Students will receive an updated timetable on Monday 28th February and these changes will be communicated to them by teachers and form tutors.

Yours sincerely

C. Crooks

Mrs C. Crooks

Assistant Headteacher
