

Thornhill Academy

Enriching Lives, Inspiring Ambitions

2nd September 2022

On Tuesday 6th September the Tour of Britain bike race route runs along Thornholme Road, the road directly outside of school. There will be a rolling road closure for all traffic 15 minutes in advance of the race and could last up to 45 minutes. There will be a number of high-speed vehicles in addition to the bikes during this period, therefore pedestrians must be extra vigilant during this time. The approximate time of the road closure falls between 14.45 and 15.15 after which, the road closures will be lifted as soon as it is safe to do so.

As this falls in line with our finishing time, we have decided to end the school day at 14.30 to allow students to either leave the area, or take up the opportunity to get into position to watch the race pass by. The race will be a fantastic experience for students and will be live on ITV and Eurosport.

Yours sincerely,

Susan Hamilton
Headteacher
